Outcome of 2021-2022 Governor's Budget

- Moratorium on payment of rent by completing [hardship declaration form](#) – retroactive to May 1.

Health Care

- The final budget restored the Governor’s proposed 1% across the board Medicaid cuts, the 25% cut to homecare workforce recruitment funds, the cuts to adult home advocacy and EQUAL funds, and preserved “prescriber prevails” which ensures that Medicaid recipients can get the medications their provider wants them to have.
- It did very little to improve health care for consumers other than to eliminate premiums for people with incomes below 200% of the poverty level who use the Essential Plan and add vision and dental to their coverage.
- The Medicaid Global Cap which has driven Medicaid cuts for the last 10 years was extended for another year and the restrictions on eligibility for home care which were adopted last year were not repealed. Fair Pay for Home Care got some traction but wages were not increased.

Other

- The Straw Bill passed, meaning straws will be available upon request and signage will be posted, though only in English at this time.
- Upon release parolees must be notified that they can now vote. A right they lose upon sentencing and while serving time.
- Internet Service Providers cannot charge more than \$15 a month to low-income households.

Right to Counsel

- Funding for outreach and education on the NYC Right to Counsel Program.
- Eligibility increase to 200% of the Federal Poverty Line.

Items We Still Need To Advocate Hard For

Below are some items that we still are working hard towards. We’ll share more information about how it’s going and how you can help as we go along. You may also be interested in joining our CIDNY Action Network (CAN) meetings to learn more about the items below.

- NYS Straw Bill.
- Expand and fund the MTA's Access-A-Ride On-Demand Pilot.
