## Landmark MTA Accessibility Agreement

On June 22, 2022 disability advocates, including CIDNY, reached a historic agreement with the MTA to make the NYC subway accessible to people who need stair-free access. While there still more work to be done, this is the first time that a minimum investment has been set aside for this work.

CIDNY's executive director Dr. Sharon McLennon-Wier said "It is my pleasure as an advocate for accessibility, after decades of advocacy and hard work by disability-related stakeholders, to celebrate the commitment to access for all who use New York City's subway system operated by the MTA. Everyone who lives, works, or visits New York City and our amazing state will benefit from the promise of universal access that our work with the MTA on this settlement agreement will afford our community. This took a collaborative approach and dedication by numerous disability advocates who envisioned a more accessible city for all New Yorkers."

## Primary Election Voter Survey

You can help us spot problems that need to be resolved before the November Election. If you voted in the primary election on Tuesday, June 28, or voted early please complete CIDNY's Post Vote Survey. Your help in identifying problems means that we can work to get them resolved. Every voter experience that we hear about – including the good ones – makes a difference in our efforts to improve our election process! Please complete the survey at <https://www.surveymonkey.com/r/2022PrimarySurvey>.

If you cannot complete our survey online, or have concerns that were not covered by the survey, call Monica Bartley at 347-922-1358. Monica can help you complete the survey over the phone or take any complaints that are not covered in the survey.

## Telehealth Services Survey Extended

The New York State Health Department is conducting a survey about telehealth services, whether you have used them or not. Telehealth is a way to provide professional medical care over the phone or through video, where you may not even have to leave your home. This survey has been extended through the end of August. You can complete the survey at this link: [https://www.health.ny.gov/health\\_care/telehealth\\_survey/](https://www.health.ny.gov/health_care/telehealth_survey/).
